EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.
2. Authorization for this examiner's amendment was given in a telephone interview with Richard Besha on April 28, 2004.
3. The application has been amended as follows:

In claim 20, page 4 of the Amendment After Final, lines 11-12, please delete the phrase "wherein the second filler comprises a predetermined percentage of the composite material,".

Reasons for Allowance

4. Applicant's Amendment After Final, submitted on April 20, 2004, has been entered. Claims 1-9 and 11-19 have been cancelled, while claims 10 and 20 have been amended as requested. The cancellation of said claims renders moot the rejection against said claims set forth in sections 7-10 and 18 of the last Office Action.
5. The above examiner's amendment is made to overcome the 112, 2nd rejection set forth in sections 4 and 5 of the last Office Action. Specifically, the phrase is deleted to eliminate confusion as to the composition of the latex backcoat. As amended, claim 20 encompasses a carpet latex backcoating comprising (a) particles of a first material produced from waste

Art Unit: 1771

carpeting containing a first filler of calcium carbonate and a thermoplastic material, (b) water, (c) latex, and (d) a second filler of up to 70% calcium carbonate.

6. Section 19 of the last Office Action indicated claims 10 and 20 contain allowable subject matter. An updated search of the prior art has produced no new art of record. Specifically, the prior art does not teach a method of making new carpet from recycled waste carpet wherein said waste carpet is processed into particles which are added to a latex backcoat composition as a filler material. Therefore, claims 10 and 20 are allowed.

7. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
